Dear colleagues!

We congratulate our colleagues with the opening the IX Congress of obstetricians and gynecologists of Uzbekistan. People's health is the greatest wealth of the state. The health of future generations depends on female health. Currently, the Republic has established a "National model of protection of motherhood and childhood in Uzbekistan", which for many years has proved its efficiency, scientific validity and practical viability.

Today in the practice of obstetrics the high-tech methods of diagnostics and treatment of diseases in the mother and child is widely introduces, as well as the advanced surgical techniques, which allow to save and restore a woman's reproductive health.

IX Congress of obstetricians and gynecologists of Uzbekistan will be devoted to actual scientific and practical problems in obstetrics, perinatology and gynecology. Professionals shall have a great platform for discussions on unresolved and controversial issues, that shall allow them to come to certain conclusions and solutions, as well as to reach consensus between the different specialists.

In the framework of the Congress the sectional meetings, scientific seminars, master-classes, practical schools and satellite symposia will be held, where you can get quite a lot of scientific and practical skills, to exchange views on the topical issues with the various professionals at the international level. According to the results of the Congress the prospects of further improvement motherhood and childhood protection will be determined.

We wish the participants of the Congress the successful and fruitful work, interesting meetings, new scientific ideas and good health.

Organising Committee of the Congress

PLAN FOR HOLDING OF THE IX CONGRESS OF OBSTETRICIANS AND GYNECOLOGISTS OF UZBEKISTAN
PRE-CONGRESS: 27.11.2017. 10.00-17.00. Workshop: "Innovative technologies in gynecological practice" – RSSPMC O&G: conference Hall, 1st floor
November 28, 2017

Plenary meeting
OPENING THE CONGRESS
The national model of maternity and childhood in Uzbekistan.
Progressive achievements and results

Hall: "Amir Temur", M level. International hotel.
28.11.2017

**Chairmen: Shadmanov A.K., Basitkhanova E.I., Nazhmutdinova D.K.,
MiekoYabuta, Joerg Pudelka**

8.30-9.10	Opening the Congress Opening remarks of the Minister of Health of the Republic of Uzbekistan Shadmanov A.K. Greetings
9.10-9.30	The national model of maternity and childhood in Uzbekistan. Achievements and results. Basitkhanova E. I. Uzbekistan, Tashkent
9.30-9.50	Innovation in preservation of ovarian reserve with ovarian endometriosis. Bezhenar V.F. Russia, St.Petersburg
9.50-10.10	Reproduction: contemporary approaches to the treatment of infertility. Kalinchenko S.Yu. Russia, Moscow
10.10-10.30	Complex rehabilitation at tubo-peritoneal infertility: is there any chance to success? Totchiev G.F. Russia, Makhachkala
10.30-11.00	Break. Coffee break
11.00-11.20	Long-term course use of ulipristal acetate as the alternative to hysterectomy. Andreas Ebert. Germany, Berlin
11.20-11.40	Immune response in viral sexually transmitted infections. Dikke G.B. Russia, Moscow
11.40-12.00	Iron deficiency and pregnancy: maternal factor and fetal development. Klimkovich N.N. Belarus, Minsk
12.00-12.20	Contemporary approaches to the management of high risk pregnancy Asher Bashiri. Israel, Tel Aviv
12.20-12.40	The management of the blood system in the prevention of obstetric complications: standards and personalized approach. Davydova U.V. Ukraine, Kiev
12.40-13.00	Therapy of peripartal blood loss. What's new? Tkachenko R.A. Ukraine, Kiev

Break. Lunch: 13.00-14.00

Breakout session
Hypertensive states in pregnant women.
Forecasting. Treatment. Prevention

Hall: “Samarkand” M level. International hotel.
28.11.2017

Moderators: Karimov A.Kh., Zufarova Sh. A., Davydova Yu.V.

14.00-14.20	Predicting the risk for development of hypertensive disorders during pregnancy. Ashurova U.A. Uzbekistan, Tashkent
14.20-14.40	Identification of risk group pregnant women with gestational hypertension using questionnaires. Matyakubova S.A. Uzbekistan, Urgench
14.40-15.00	Hypertensive complications of pregnancy: role of prevention of endothelial dysfunction. Davydova Yu.V. Ukraine, Kiev
15.00-15.30	Break
15.30-15.45	Prevention of hypertensive disorders in pregnant women with risk factors. Kayumova D.T., Sadykova D.R. Uzbekistan, Tashkent
15.45-16.00	The state of cardiodynamic and the geometry of the heart in women with complications of severe preeclampsia. Akhmedov F.K. Uzbekistan, Bukhara
16.00-16.15	Features of changes of hemodynamic parameters of the liver in mild preeclampsia. Tuksanova D.I. Uzbekistan, Bukhara
16.15-16.30	Whether it is necessary to treat mild preeclampsia? Karimov A.Kh. Uzbekistan, Tashkent
16.30-16.45	Ways to reduce maternal mortality in acute fatty hepatitis of pregnant women. Niyazmetov R.E., Matirzayeva S.T. Uzbekistan, Tashkent
16.45-17.00	Detection and prevention of the development of early hypertensive disorders in pregnant women. Magzumova N.M., Komiljonova D.K. Uzbekistan, Tashkent Discussions

Breakout session
The role of thrombophilia in the development of gestational complications. Miscarriage: modern aspects and tactics

Hall: “Tashkent”, 1st floor C block. Business center.
28.11.2017

Moderators: Sultanov S.S., Bobrov S.A., Babadjanova G.S.

14.00-14.20	The basic principles of thromboprophylactic in pregnant women. Bobrov S.A. Russia, Saint Petersburg
14.20-14.40	A modern approach to the choice of tactics in uteroplacental blood flow failure in pregnant women. Babadjanova G.S. Uzbekistan, Tashkent
14.40-15.00	The role of dysfunction of endotheliocytes in the development of thrombophlebitis in the states in miscarriage. Ruzieva N.X. Uzbekistan, Tashkent
15.00-15.30	Break
15.30-15.45	Pregravidary preparation in women with thrombophilia. Yuldashev Sh.F. Uzbekistan, Tashkent
15.45-16.00	The importance of hyperhomocysteinemia in the development of placental disorders. Gaybullaeva D.F. Uzbekistan, Tashkent
16.00-16.15	Cerclage and obstetric pessary over the cervix to prevent premature birth. Bayramov S. B., Sultanov S.S., Lyubchich N.I. Uzbekistan, Tashkent
16.15-16.30	Modern approach to the prediction and prevention of fetal loss syndrome in women with hyperandrogenism. Muftaydinova Sh.K. Uzbekistan, Andijan
16.30-16.45	Evaluation of the effectiveness of the phyto-probiotic therapy in the treatment of threatened abortion of infectious origin. Rabbimova G.T. Uzbekistan, Samarkand
16.45-17.00	Discussion

Breakout session
Modern methods of diagnostics and treatment of perinatal complications

Hall: “Navoi” 7th floor B balcony. Business center.
 28.11.2017

Moderators: Rasul-Zade Yu.G., Degtyarova M.V., Lyubchich A.S.

14.00-14.20	Perinatal cytomegalovirus infection. Degtyarova M.V. Moscow, Russia.
14.20-14.40	A differentiated approach to the treatment of distress syndrome of the fetus. Eshimbetova G.Z. Uzbekistan, Tashkent
14.40-15.00	Myths and misconceptions about the possibilities of Doppler ultrasonography in obstetrics. Karimov A.Kh. Uzbekistan, Tashkent
15.00-15.30	Break
15.30-15.45	Centile coefficients of weight and building the individualized growth curves of the fetus for the population of Uzbekistan. Rasul-Zade Yu. G., Klimashkin A.A. Uzbekistan, Tashkent
15.45-16.00	Clinical analysis of modern technologies of perinatal care. Abduraimova G.A., Bekbauliyeva G.N. Uzbekistan, Tashkent
16.00-16.15	Molecular-genetic markers of fetoplacental insufficiency in pregnant women. Mavlyanova N.N. Uzbekistan, Tashkent
16.15-16.30	The relationship of fetal and maternal extracellular DNA in pregnant women with fetal malformations. Muminova Z.A. Uzbekistan, Tashkent
16.30-16.45	The possibility of early detection of overcarriage by defining the structural-optical properties of blood serum. Najmetdinova D. F. Uzbekistan, Bukhara
16.45-17.00	Neonatal sepsis: diagnosis, treatment, prophylaxis. Degtyarova M.V. Russia, Moscow Discussion

Breakout session
Reproductive health: social and medical aspects.
Obstetric practice at the present stage

Hall: “Khiva”, M level. International hotel.
28.11.2017

**Moderators: Kattakhodjayeva M.Kh., Otaniyazova O.A.,
Klimkovich N.N., Djabbarova Yu.K.**

14.00-14.20	Achievements and prospects of improving the reproductive health of Uzbekistan's population. Kattakhodjayeva M. Kh. Uzbekistan, Tashkent
14.20-14.40	Global environmental change and reproductive health. Otaniyazova O.A. Uzbekistan, Nukus
14.40-15.00	Pregravidary preparation. Isanbaeva L. M. Uzbekistan, Tashkent
15.00-15.30	Break
15.30-15.50	Modern treatment of severe anemia in women of reproductive age. Jabbarova Uy. K. Uzbekistan, Tashkent
15.50-16.10	Prevention of disorders of microelement homeostasis of mother and t child: focus on iron. Klimkovich N. N. Belarus, Minsk
16.10-16.30	Myths and facts of application of magnesium during pregnancy. Dikke G. B. Russia, Moscow
16.30-16.50	Effect of vitamin D on the course of pregnancy. Zufarova Sh. A., Djumanov B.A. Uzbekistan, Samarkand
16.50-17.00	Discussion

Breakout session
The effect of infection on reproductive women's health

Hall: “Urgench”, 9th floor West side. Business center.
28.11.2017

Moderators: Magzumova N.M., Yusupov U.Yu., Shperling N.V.

14.00-14.20	The papillomovirus infection-ways of overcoming of the resistance. Shperling N.V. Moscow, Russia
14.20-14.40	Herpes virus infection in women of reproductive age. Magzumova N.M. Uzbekistan, Tashkent
14.40-15.00	Placental factors of perinatal pathology in HIV-infected pregnant women. Ashurova V.I. Uzbekistan, Tashkent
15.00-15.30	Break
15.30-15.50	Infections of the lower urinary tract. Cystitis in pregnant women. Solutions. Yuldasheva D.Yu., Kayumova T. D. Uzbekistan, Tashkent
15.50-16.10	Community-acquired pneumonia in pregnant women. Yusupova M.A. Uzbekistan, Urgench
16.10-16.30	Features of the course of gestation in women with myocarditis. Dauletova M.G. Uzbekistan, Tashkent
16.30-17.00	Discussion

Breakout session
Assisted reproductive technologies: innovations and results

Hall: “Amir Timur”, M level. International hotel.
 28.11.2017

Moderators: Ayupova F.M., Korsak V.S., Tyutrin I.I.

14.00-14.20	Auxiliary methods in gametogenesis. Peramo Moya Braulio. Spain, Madrid
14.20-14.40	Implementation of the reproductive function: achievements and prospects. Korsak V.S. Russia, Saint Petersburg
14.40-15.00	Recent advances in human reproduction: fertility preservation, time-lapse technique preimplantational genetic diagnosis and reproductive immunology. Alfonso de La Fuente. Spain, Sevilla
15.00-15.30	Break
15.30-15.45	Preparation of patients with concomitant gynecological pathology to assisted reproductive technologies. Saraeva N.V. Russia, Samara
15.45-16.00	The role and place of monitoring of the hemostatic system to ensure the effectiveness of in vitro fertilization (IVF). Tyutrin I. I., Klimenkova V. F., Shitikova O. G. Russia, Tomsk
16.00-16.15	Trends in methods of treatment of in vitro fertilization. Burgos-More L. Mexico, Guadalajara
16.15-16.30	Induction of ovulation and superovulation with the use of urinary gonadotropins in programs of assisted reproductive technologies (ART). Rulyov M.V. Russia, Saint Petersburg
16.30-16.40	Features of stimulation of women of the senior reproductive age in the protocols of in vitro fertilization. Maksudova M. M., Kogan I. Yu. Russia, Saint Petersburg
16.40-16.50	The use of gonadotropic hormones in the programs of assisted reproductive technologies. Mirzaakhmedova N.A. Uzbekistan, Tashkent
16.50-17.00	Embryological aspects in the program of in vitro fertilization. Yuldasheva S.Z. Uzbekistan, Tashkent Discussion

Breakout session
Modern approaches to the diagnosis and treatment
of diseases of the uterus

Hall: “Afrosiyab” 11th floor West side. Business center.
28.11.2017

Moderators: Aliyeva D. A., Asrankulova D.B., Martin Krestanpol

14.00-14.20	The criteria for implementing successful screening programs for cervical cancer. Martin Krestanpol. Czech Republic, Brno
14.20-14.40	Pathogenetic approach to the treatment of cervical dysplasia. Aliyeva D.A. Uzbekistan, Tashkent
14.40-15.00	Inflammatory processes of the uterine adnexa, cervix – ways of solution and prophylaxis. Ya.S. Mamadaliyeva Uzbekistan, Tashkent
15.00-15.30	Break
15.30-15.50	Modern approaches to the diagnosis and treatment of combined forms of fibroids and adenomyosis. Muratova N.D., Babadjanova G.S. Uzbekistan, Tashkent
15.50-16.10	Abnormal uterine bleeding. Muminova N.Kh. Uzbekistan, Tashkent
16.10-16.30	A modern approach to early diagnosis and treatment of endometrial hyperplastic processes. Asrankulova D.B., Nazirova Z.M. Uzbekistan, Andijan
16.30-17.00	Discussion

Breakout session
High-tech methods of diagnosis and treatment in the restoration of reproductive function

Hall: “Sogdiana”, 11th floor, East side. Business center.
 28.11.2017

Moderators: Kurbanov D.D., Negmadjanov B.B., Klimanov A.Yu., Safarov A.T.

14.00-14.20	Ultrasound in the diagnosis and treatment of infertility. Isakova E.V. Russia, Saint Petersburg
14.20-14.40	Operative gynecology: organ-preserving and reconstructive surgery in the treatment of infertility. Klimanov A.Yu. Russia, Samara
14.40-15.00	Anomalies of the reproductive system. Negmadjanov B.B. Uzbekistan, Samarkand
15.00-15.30	Break
15.30-15.45	Optimization of preoperative preparation and postoperative management in obstetric and gynecological operations. Niyazmetov R.E., Rakhmonova I.I., Matirzaeva S.T. Uzbekistan, Tashkent
15.45-16.00	Modern methods of surgical treatment of genital prolapse. Kurbanov B.B. Uzbekistan, Tashkent
16.00-16.15	Surgery in combined abnormalities of the genitalia and the abdominal region. Ganiev F.I. Uzbekistan, Samarkand
16.15-16.30	Rehabilitation of patients after vaginoplasty. Mamatkulova M. D. Uzbekistan, Samarkand
16.30-16.45	A new approach to the problem of infertility (Klostilbegit). Artykkhodjayeva G. Sh. Uzbekistan, Tashkent
16.45-17.00	Specific changes in the immune system of women with infertility in the external genital endometriosis. Musakhodzhayeva D. A., Eshimbetova G. Z., Ismoilova D.U., Shoikramova N.Kh. Uzbekistan, Tashkent Discussion

Seminar
Emergency care in obstetrics and gynecology: position of
doctor anaesthetist

Hall: “Boardroom”, hotel M level. International hotel.
28.11.2017

Moderators: Avakov V.E., Semenikhin A.A., Tkachenko R.A.,
Kim Yen-Din

14.00-14.30	Modern treatment of emergency conditions in gynecology. Avakov V.E. Uzbekistan, Tashkent
14.30-15.00	Therapy of peripartal blood loss. Tkachenko R.A. Ukraine, Kiev
15.00-15.30	Break
15.30-16.00	A modern approach to the choice of method of anesthesia in abdominal delivery in patients with obesity. Semenikhin A.A., Matlubov M. M. Uzbekistan, Samarkand
16.00-.16.30	Modern technology of infusion therapy of postpartum haemorrhage. Kim Yen Din, Ilhamov A.F. Uzbekistan, Tashkent
16.30-16.50	Pathophysiological effects of carboxyperitoneum and Trendelenburg position in endoscopic gynecology. Abidov A. K. Uzbekistan, Tashkent
16.50-17.00	Discussion

Seminar
Effective contraception is the important tool for preserving women's health

Hall: “Bukhara”, M level. International hotel.
28.11.2017

Moderators: Eshimbetova G.Z. Andreas Ebert, Karimova F.D.

14.00-14.20	Ethinyl estradiol and chlormadinone acetate – never change winning composition! Andreas Ebert. Germany, Berlin
14.20-14.40	Evaluation of the effectiveness of methods of contraception in women with cystocele. Nasimova N. G. Uzbekistan, Samarkand
14.40-15.00	Sexual health in reproductive age of women. Eshimbetova G. Z. Uzbekistan, Tashkent
15.00-15.30	Break
15.30-15.50	Features of contraception choice after cesarean section. Babadjanova G. S. Uzbekistan, Tashkent
15.50-17.00	Discussion

Pre-congress

MASTER CLASS
Innovative technologies in gynecological practice

Venue: conference hall, 1st floor

Republican Specialized Scientific-Practical Medical Center of Obstetrics and
Gynecology (RSSPMC O&G)

27.11.2017

Moderators: Bezhenar I.F., Najmutdinova D.K.

10.00-10.30	The effectiveness of total laparoscopic hysterectomy: the experience of JSC "RSSPMCOG". Saparov A. B. Uzbekistan, Tashkent
10.30-11.00	In gynecology the features of anesthetic management at the laparoscopic operations. Trofimov A.V. Russia, Saint Petersburg
11.00-16.00	Translation of surgery
16.00-17.00	Discussion

Break. Lunch: 13.00-14.00

MASTER CLASS
Innovative technologies in gynecological practice
(continuation)

Venue: conference hall, 1st floor RSSPMCOG
28.11.2017

Moderators: Bezhenar I.F., Kasymova D.M.

11.00-11.30	The introduction of high-tech methods of treatment in gynecology. Gafurov J. M. Uzbekistan, Tashkent
11.30-12.00	Laprosopy in urogenital gynecology: results of treatment. Abdikulov B.S., Kasymova D.M. Uzbekistan, Tashkent
12.00-16.00	Translation of surgery
16.00-17.00	Discussion

Break. Lunch: 13.00-14.00

Satellite Symposium
**Modern approaches to the treatment and prevention of gynecological
and urogynecological diseases**
is conducted by Polpharma Company

Hall: “Kokand”, 9th floor East side. Business center.
28.11.2017

Moderators: Kalinchenko S.Yu., Niyazmatov R.E., Abdullaeva L.M.

14.00-14.30	Modern aspects of treatment of bacterial vaginosis in women of childbearing age. Niyazmatov R. E. Uzbekistan, Tashkent
14.30-15.00	Difficult diagnosis in urology. Modern approaches to diagnosis and treatment of uncomplicated cystitis in women of childbearing age. Dzhalilov D. D. Uzbekistan, Tashkent
15.00-15.30	Coffee break
15.30-16.00	Vitamin D: vitamin or hormone? The body's response to its deficit. Aliyeva D. A. Uzbekistan, Tashkent
16.00-17.00	Discussion

Satellite Symposium

Healthy motherhood – healthy generation

Conducted by «Abbott» company

Hall: “Semurg”, 13th floor. Business center.
28.11.2017

Moderators: Asatova M.M., Asher Bashiri

14.00-14.15	Registration of participants
14.15-15.00	Habitual noncarrying of pregnancy. Practical recommendations for management. Asher Bashiri. Israel, Tel Aviv
15.00-15.30	Break
15.30-17.00	Continuation Discussion

Breakout session
Obstetric bleeding. Old problem. Modern solutions

Hall: “Bukhara”, M level. International hotel.
29.11.2017

Moderators: Negmadjanov B.B., Amonov I.I., Niyazmatov R.E.

9.00-9.20	New tactics of surgical hemostasis in obstetric hemorrhage. Yusupbayev R.B. Uzbekistan, Tashkent
9.20-9.40	Retrospective analysis of the results of implementation of local Protocol for the management of postpartum women with postpartum hemorrhage. Inoyatova N.M. Uzbekistan, Tashkent
9.40-10.00	Bleeding caused by damage to the muscles of the anterior abdominal wall during caesarean section. Negmadjanov B.B., Fattaeva Sh.M., Gulamova M.Kh., Uzbekistan, Samarkand
10.00-10.30	Discussion
10.30-11.00	Coffee break
11.00-11.20	Markers of the development of premature detachment of normally situated placenta. Pakhomova J.E., Komilova M.S., Uzbekistan, Tashkent
11.20-11.40	Pathogenetically grounded prevention of recurrent premature detachment of normally situated placenta. Hadzhimuratova G.A., Uzbekistan, Tashkent
11.40-12.00	Perinatal outcomes in women undergoing vaginal bleeding in the early stages of gestation. Nigmatova G.M. Uzbekistan, Tashkent
12.00-13.00	Discussion

Break: 13.00-13.30

Breakout session
Modern approaches to the diagnosis and treatment
of diseases of the uterus
(continuation)

Hall: “Samarkand”, M level. International hotel.
29.11.2017

**Moderators: Zufarova Sh.A., Asrankulova D.B.,
Abdullayeva L.M.**

9.00-9.20	Personalization of drug therapy for patients with uterine myoma based on their genetic status. Isanbaeva L.M. Uzbekistan, Tashkent
9.20-9.40	Pathogenetic substantiation of new approaches in complex treatment of diseases of the cervix associated with human papillomavirus infection. Maksudova D.S. Uzbekistan, Tashkent
9.40-10.00	Differentiated approach to the treatment of uterine myoma depending on the node type. Muratova N.D. Uzbekistan, Tashkent
10.00-10.20	Hyperlipidemia in uterine myoma and ways of its correction. Akhmedova N.M. Uzbekistan, Andijan
10.20-10.30	Discussion
10.30-11.00	Coffee break
